

Nigerian Physiotherapist Expert in Driving Simulations After Stroke on USA National News

Dear Colleagues, The Nigeria Physiotherapy Network was extremely elated and very PROUD to learn that a Nigerian illustrious Nigerian Physiotherapist and expert in Driving Simulation after Stroke is no other than our very own Dr. Abiodun Akinwuntan, Department of Physical Therapy, Medical College of Georgia. Professor Akinwuntan's laboratory and research became an affiliate of NBC News, American's National News leader. The NBC-Augusta visited Dr. Akinwuntan's laboratory and his Laboratory. You can also view the news report directly on NBC-Augusta's website by following the link below: <http://www.nbcaugusta.com/news/local/12093221.html> Dr. Akinwuntan can be considered to be world renowned expert and internationally to deliver lectures and seminars on his research activities. He was recently in Alabama where he was again in congratulating Professor Akinwuntan for putting Nigeria Physiotherapy training on the worldmap! Dr. Akinwuntan last year.
